EDITORIAL BOARD

Mentor: Mr. P.N.Tandon

Editorial Committee :

Mrs. Sarika Khare

Mr. Sandip Kumar

About Us:

Bharati Vidyapeeth Institute of Technology is one of the premier Institutes in Diploma Engineering Education in Mumbai and Navi Mumbai. With the mission of its Founder Dr. Patangrao Kadam, to bring "Social Transformation through Dynamic Education", this Institute has reached the pinnacle of glory by pursuing excellence and setting pace in the arena of Technical Education since 1983. It is located at CBD Belpada, Sector 7, Navi Mumbai and is well connected by bus and train services from Mumbai and Uran.. It is running in two shifts with the intake capacity of 720.

This institute has been accredited by "National Board of Accreditation" in all its seven courses at a time and has also been receiving "Grade-A" remark every year in all departments by MSBTE Academic Monitoring Committee since it started giving remarks. The college intends to acquire ISO Certification too. This year BVIT is celebrating "Golden Jubilee" of the parent organization.

Our Dedicated and Inspirational teaching teams always encourage the students to participate in every competition i.e. intra and intercollege. We celebrate success and promote talent.

We ensure to develop the students in all respect.

VISION

Institution of excellence in imparting "Value Based Technical Education" and "Leadership Skills"

MISSION

- (i) To bring about social transformation through dynamic education
- (ii) To nurture students through technically competent and value based learning with managerial skills and leadership qualities.
- (iii) To develop an industry-academic collaboration to appreciate industry requirements and keep abreast with latest technological advancements.

50 Glorious Years of Bharati Vidyapeeth

Hon'ble. Dr. Patangrao Kadam

Founder, Bharati Vidyapeeth
Chancellor,
Bharati Vidyapeeth University, Pune

Bharati Vidyapeeth, the parent body of Bharati Vidyapeeth Deemed University, is one of the largest networks of educational institutions in the country. It was established by Dr. Patangrao Kadam in 1964 when he was only 19 years old. Dr. Patangrao Kadam came from a farmer's family in remote village with no educational background. He was the first matriculate from his village. Under his visionary and dynamic leadership, Bharati Vidyapeeth expanded so rapidly that it has now 140 educational institutions of various kinds. Its major Campuses are located in New Delhi, Navi Mumbai, Pune, Kolhapur, Sangli, Solapur, Jawhar and few other places. Our beautiful campuses in New Delhi,

Navi Mumbai and Pune are jewels in the crown of Bharati Vidyapeeth, hence need a special mention. It is gratifying to note that more than half a million students are enrolled in our Institutions. The number of teachers and professionals working in our Institution exceeds ten thousands. Bharati Vidyapeeth runs primary and secondary schools. It conducts colleges and institutions of liberal and professional education. Among them are Arts, Science and Commerce colleges, as well as colleges of Medicine, Dentistry, Ayurved, Homoeopathy, Nursing, Engineering, Architecture, Pharmacy, Management Education, Hotel Management and Catering Technology, Law, Social Work etc. In brief, Bharati Vidyapeeth has institutions in almost all the fields of knowledge. Besides, it has six research institutes in which research work is being carried out in such diversified areas as Stem Cell, Animal and Plant Tissue Culture, Applied Chemistry, Pharmaceutical Sciences, Environment related issues, social sciences and humanities etc. All these colleges are well reputed for the infrastructural facilities and academic excellence they have achieved.

The success story of Bharati Vidyapeeth is unique, having very few parallels. Its moment of glory came when the Government of India in appreciation of the academic excellence of these institutions bestowed the status of Deemed to be University initially on a cluster of 12 institutions of Bharati Vidyapeeth on 26th April, 1996. Later on five more institutions were added to it. Many more to follow in the days to come.

Bharati Vidyapeeth is an educational institution with a difference. Social consciousness and social commitment of Dr. Kadam are reflected in the institutions which he has started and also in their activities. Among the other institutions of Bharati Vidyapeeth, which need a special mention, are a public school situated in the picturesque natural environment of Panchgani, the queen of hill stations in Maharashtra and two renowned English medium schools in Pune and Navi Mumbai.

The social commitment and humanitarian outlook of Dr. Patangrao Kadam are reflected in a few socially relevant projects which Bharati Vidyapeeth has launched. They include schools for tribal children at Jawhar, (Dist. Thane), and an industrial training centre located at Kadegaon (Dist. Sangli) for rural girls where they are given free lodging and, boarding facilities. Realizing the significant role which education and cooperation together can play in the upliftment of people, particularly of deprived sections of population; Dr. Kadam has established several cooperative units including a bank, a sugar factory, a spinning mill, cooperative consumer stores and the like. These cooperative institutions are a part of the Bharati Vidyapeeth family.

Heartfelt Thoughts

Hon'ble Dr. Patangrao Kadam

M.A., LL.B., Ph.D.

Founder: Bharati Vidyapeeth.

Chancellor: Bharati Vidyapeeth University, Pune.

I am happy to know that our Bharati Vidyapeeth Institute of technology, Navi Mumbai is bringing out its First Newsletter.

I am very proud of our Polytechnic Colleges in Navi Mumbai for the prestigious space it has created for itself in the academic world of Maharashtra State Board Of Technical Education.

My congratulations to the principal and colleagues for their splendid achievements in different spheres. My best wishes to the college, Faculty and to the students.

Heartfelt Thoughts

Dr. Vishwajit Kadam

Secretary,
Bharati Vidyapeeth, Pune

Our Polytechnic College in Navi Mumbai is one of the most preferred Colleges for admissions by the students within the jurisdiction of Maharashtra State Board Of Technical Education.

I take this opportunity to offer my hearty congratulations to the principal and his colleague. I am happy to know that the college is publishing it'sFirst Newsletter. This newsletter in my opinion is an important document which in the years to come become a source of historical information about the college.

My best wishes for the college Newsletter ,the College, the Principal ,the Faculty and to the students.

Heartfelt Thoughts

Dr. Vilasrao Kadam

Director,
Bharati Vidyapeeth Educational Complex,
Navi Mumbai

BharatiVidyapeeth Institute of Technology, C.B.D. Belapur, Navi Mumbai has excelled in teaching and learning due to continuous efforts of faculty and students. I appreciate that the students are keeping abreast with curriculum and maintaining pace with present day challenges of personal and social development. Apart from academic activities, co-curricular activities , sports, cultural and social activities form important parts of their life.

I am happy to know that BVIT, Navi Mumbai is publishing its First Newsletter . The entire team deserves appreciation for their creativity, ingenuity and dedication.

My best wishes to Newsletter and all related to the Newsletter.

From the Principal's Desk

Mr. P.N.Tandon

Principal, BVIT Navi Mumbai

“It’s your aptitude, not just your attitude that determines your ultimate altitude.” – ZigZiglar

BharatiVidyapeeth Institute of Technology, Navi Mumbai aims at preparing students to face all challenges in life and reach the culmination of success. Our excellence in academics is the result of the diligence of the students consorted with the dedication of the teachers. The students not only excel in academics but also bring laurels to the college through their successful performance in co-curricular activities and sports. Social welfare activities also go at par with the curriculum. The initiative and zeal exhibited by our students during the successful organization of the rally for AriteJerro is worth commendable. Also, the Blood Donation camp reflects their compassion and love for fellow brethren.

It is my pleasure and pride to present this edition of Newsletter which is feasible due to the ceaseless efforts put in by the members of the editorial board. I hope the my readers will enjoy reading the Newsletter.

Mr. P. N. Tandon

Hon'ble Principal

BVIT warmly welcomes Shri. P.N Tandon as the principal of our reputed organisation. He worked as HOD of mechanical Dept. With his wide and rich teaching experience of core subjects like Strength of Materials, Engineering Mechanics etc. inspired so many students and teachers to achieve remarkable work for institute. With effective and disciplined administrative skills, he justified BVIT's Principal (IInd Shift) post for more than 10 years and insured more value addition in teaching.

He is handling the coveted post of secretary at IEI Belapur. His sincere contribution to the institution has resulted into wide acceptance of the institute not only in teaching circle but in the industrial circles.

His cordial relations with industrial persons and professional institutes has helped institute to become dynamic in competitive world with recent trends in technology like SAP, AutoCAD, Seminars, Paper presentations etc.

We respectfully welcomes dynamic, disciplined, resourceful, industry oriented able administrator as Principal.

The Importance of Technical Education

Education is important for every individual in a nation. It takes ages to make a nation into a developed country and a prosperous one; this cannot be achieved without education. It plays a vital role to change the state of a country. No country could bring a revolution in it unless its people are educated enough to meet the challenges. Education makes a man realize about himself and his goals and how to achieve that goals.

The Education that concerns with the professionalism is called Technical Education. We are living in the modern age of science where we found Technologies in every aspect of life. What makes life so easy for us. Simply; these are the Technologies which we use for our ease and comforts. Not only in our daily life but also in the research Centre, in defensive measures of a country, biological aspects etc. No nation could make the progress unless it promotes technical aspects in its fields. The technical education produces technicians for all type of industries and it is true that the progress of a country much depend upon its Industrialization without which a handsome economy would not be possible.

Using a technology is far easier than to develop it. For developing a technology, it needed high skill teams which have a high knowledge for the theme. It also needed a high amount of time and also money. To fulfil all these, there must be technical institutes which must cover all the faculties of technological studies and also the support of government to support financially & to make it at international level. If it would be at International level then it would be easier to students to acquire knowledge in their own state so that they could do something for their own country.

Technical Education system is dynamic in nature. It faces many hurdles in response to societal, technological and economic changes in the environment both home and foreign. The debate today is not only about the value and role of Technical education in the social and economic development of a nation but has a broader aspect. Technical education is widely recognized as a vital part of the total education and training system. The real challenge is how to reposition it by shifting towards a developmental paradigm that holds sustainability as its core.

Technical education offers good opportunity for employment and successful career.

India is witnessing the age of science and technology. In free India, the education was thoroughly reorganized again stressing the importance of science and technology to bring about a total regeneration. Quite a number of regional engineering colleges, institutes of technology, and centers for researches on science came into existence all over the country.

It is heartening to find even our schools introducing new syllabus making science and vocational courses compulsory. Right from the beginning our students' to-day are shown the way in which they can explore avenues of their choice and participate in the march towards human progress.

This role of education institutions found it necessary to redefine the end of education, which was to be in the main stream of economic development and to ensure a place for India in the community of prosperous nations. It was not just an end, it was the dream of modern India, and technical education was given the due importance with a view to realizing that dream.

BVIT- National Initiatives

Republic Day Celebration

Republic Day represents the true spirit of the independent India. It is a day to remember when India's constitution came into force on January 26, 1950, completing the country's transition toward becoming a truly Sovereign, Democratic and an independent republic. We salute the great leader Dr. B.R. Ambedkar for his consistent and sincere efforts for making modern, dynamic constitution in India like diversified country.

To commemorate one of the most important days in Indian history BVIT, BVCOE, management, staff and students celebrate this day with pride in our nationhood.

Flag hoisting ceremony was held in the presence of Mr. P.N Tandan, (Hon'ble principal, BVIT), Dr. M.Z. Shaikh, (Hon'ble principal, BVCOE).

NCC students of BVCOE performed special parade in honor of Republic Day.

Swachh Bharat Abhiyaan...

Swachh Bharat Abhiyan is a national campaign by the Government of India. This mission was launched throughout length and breadth of the country as a national movement on 2nd October 2014. BVIT initiated the cleanliness drive at institute campus to be a part of this nation wide movement.

All the staffs and students of BVIT voluntarily participated and pledged to make the mission successful.

(In photo Hon.Vice Principal Shri.A.C.Patil pledging along with BVIT staff)

BVIT- Social Initiatives

Celebrating International YOGA Day

To live in harmony with oneself and the environment is the wish of every human. Especially today when there is an increase in privatization, globalization and urbanization, competition is also raised. Today everyone wants to work with blue chip and white collar organizations. Thus with rising completion stress is also shooting like anything, here yoga plays most vital role in balancing equilibrium between your mind , body and soul.

Human beings are made up of three components —body, mind and soul corresponding these there are three needs —health, knowledge and inner peace. Health is physical need, knowledge is our psychological needs and inner peace is spiritual need when all three are present then there is harmony.

Yoga brings great synchronization between mind, body and soul. Today Yoga is not any art or science but considered as a technology full of moves to keep you happy and healthy. It is one of the oldest practices to maintain the body and mind in good shapes. Yoga brings intense calmness and stability to several minds of its followers.

On the account of Golden jubilee year BharatiVidyapeeth celebrated first international yoga day on 21st June, 2015. Members of Management, Dr.VilasraoKadam, Dr.M.Z.Shaikh, Mr.P.N.Tandan (Hon'ble Principal of BVIT) and all staff members were present to mark the occasion.

Blood and Platelets donation campaign

BVIT, is always committed and hailed for social cause and its charity. As a tradition, on respectful memory of Late Shri. Abhijeet Dada Kadam., BVIT organises Blood donation camp on every year.

"Tears of a mother cannot save her Child. But your Blood can." With this motto Blood donation camp was arranged in association with Tata memorial hospital, kharghar.

We received very great response from donars.

Earth-Day Celebration with Tree Plantation

Earth Day is an annual event, celebrated each year on the Vernal Equinox and on April 22. Earth Day is the name given to two different annual observances that are intended to raise awareness about a wide range of environmental issues and problems, and to inspire people to take personal action to address them.

The world now marks the Earth Day to make the human race realise the importance of the Mother Earth.

Outstanding Event Organized By Mechanical Dept

State Level Quiz Competition

A State level Technical quiz competition for Students of Mechanical Engg. Group(Diploma) was organized at Bharati Vidyapeeth's Institute of Technology, Navi Mumbai as per the direction of Maharashtra State Board of Technical Education. The program was inaugurated by Dr. Shaikh Hon'ble Principal of BV'S College of Engineering and Mr. P.N. Tandon Hon'ble Principal of BVIT. The Head of Mechanical Dept. Prof. J.K. Patil was the Program coordinator and Prof. Santosh V. Kadam was the coordinator of the Quiz Competition.

It was a nicely organized quiz show. We got excellent feedback from The Jury members, all the participants and their teachers.

Over 40 teams representing various colleges of Maharashtra participated in this event. The first prize won by the team from Jondhale's polytechnic, Ambarnath and second and third prize won by the teams from Sabu Siddiqui Polytechnic and B Vartak polytechnic respectively.

The best organized Quiz Show

Organizing Committee with Winners and Jury

First prize :-S Jondhale's polytechnic, Ambarnath

Outstanding Events Organized By BVIT.

Induction Training Program Phase II

Induction Training Program Phase II for faculty of various polytechnic colleges was sponsored by MSBTE and conducted by NITTTT, Bhopal from 23rd June 2014 to 4th July 2014.

It was well organized by Prof. P. N. Tandon, Principal and coordinated by Mrs. A. Jayalakshmi, HOD, IE dept. BVIT, Navi Mumbai. Forty participants from various colleges have attended the training program.

The training program was inaugurated by Shri. P. A. Naik, Director, MSBTE on 23rd June 2014 and Hon. Secretary MSBTE Dr. Vinod M. Mohitkar had graced the valedictory function on 4th July 2014.

Some Value added education programs Organized By BVIT.

SAP Training program under MSBTE – Students Partnership is conducted at Bharati Vidyapeeth Institute of Technology Navi Mumbai.

We got huge response from students of all the streams.

A Technical Paper Presentation for Chemical engineering student was held on 6th Sept 2014. It was jointly organized by the Institution of Engineers (India), Belapur local center & Bharti Vidyapeeth Institute of Technology, Navi Mumbai.

Participants from various polytechnics of Navi Mumbai and Thane participated. Best two papers were given prizes.

Latest Technology in Automation	Mr. Vivek Kulkarni

Industry Institute Interaction

Industry visits sensitize students to the practical challenges that organizations face in the business world. Industrial visits also give greater clarity about various management concepts for students as they can practically see how these concepts are put into action.

BVIT conducted visits to many manufacturing firms which will be always useful for students to understand the nuances and realities of the shop floor, which in itself is a rare exposure.

Vision-National level paper presentation

It is a matter of great honour for BharatiVidyapeeth Institute of Technology, Navi Mumbai to conduct VISION-2015, the vision of the new millennium. It is a platform to motivate and ignite the critical and analytical minds of the teaching fraternity and to provide them a unique opportunity to share their perspectives with others interested in the various aspects of technical advancements. It is the need of time to provide opportunities to bring out the hidden skills in individuals & present them before the technical society.

The proceedings include the snapshots of accepted papers which represent the enthusiasm and the efforts of all the participants. It is believed that their efforts will bring a great change in the field of technology.

Vision -2015 was held on 7th March 2015. It was conducted in three groups such as Computer Engineering group, Electronics Engineering group and Mechanical Engineering group. Over all sixty faculty members had participated from all over Maharashtra and other states.

Dr.H.P.Taskar, Principal, G.P. Mumbai was the judge of in Electronics Engg group, Dr. Usha Raghavan, HOD, VPM Polytechnic for computer Engg group and Mr. N.B Tambe Principal, Shantiniketan Polytechnic for Mechanical Engineering Group.

Faculty of best two papers of each group were felicitated and awarded with a cash prize of Rs 7000/- for the runner up and Rs. 10,000/- for the winner

Ventura-State level Project Exhibition

VENTURA

VENTURA 2015, a state level project exhibition for Diploma level students was organized by BharatiVidyapeeth Institute of Technology, Navi Mumbai at its central lawn on 7/3/2015. The idea of Ventura was conceived and initiated by us in the year 1999 with an objective to provide a common platform for diploma students of various disciplines all over the Maharashtra to exhibit their technical skills. It has grown leaps and bounds since then. The number of participating groups with their projects/papers exceeded hundred with entries from various Polytechnics like LESP Sangali, DattaMeghe Poly .Nagpur ,Y.B. Patil polytechnic Pune, G.P. Nadurbar, K.K. wagh Poly. Nasik, Thakur Polytechnic Kandivali, GuruGovind Singh Polytechnic Nashik, G.V. Acharya Sheluetc. The panel of judges comprised of Technical experts from industry and academics.

The first prize from Electronics group was won by JONDHALE Poly. Computer group by BVIT , Mechanical group by PILLAI's Poly. The second prize of Electronics group was won by St. XAVIER Poly Mahim, Computer group by MMM Poly ,in Mechanical group by PILLAI's Poly

The prize distribution ceremony was held at 4.00 p.m. on 7/3/2015 and was presided by Juries Mr Rakesh Padate, Regional Service Manager, West at SPICE retails Ltd, For Electronics Group, Mr Mukesh D Jain, Vice President & Head – Advertising & Analytics Reliance Jio Digital Media for Computer Group , Prof. R. O. Gawande (HOD) Shreeram Polytechnic for Mechanical group, Prof. P.N.Tandon (Principal) & Prof. A.C. Patil (Vice Principal) were amongst the dignitaries on the dais. The prizes to the winners were given by Mr. Mukesh D Jain & Prof P.N. Tandon. Mr. Mukesh D Jain's speech emphasized the need of such technical exhibitions and urged more students to take part in these competitions. He also appreciated the efforts of the staff of Computer Department of BVIT headed by Mr. MithunMhatre for organizing VENTURA 2015 in a very efficient manner.

Art Gallery 2015

Entering art competitions can be a strong start in proving to yourself that you can be serious about your art. It shows that you are willing to put effort into it, and you think that your art deserves to be recognized more widely. "Participating in an art competition takes courage and is an act of faith and belief in ones own talent and strengths. Anyone who simply enters the competition is a winner."The action of entering a competition requires a certain amount of time and thought: a reflection that helps artists identify, establish, and unify their voice and artistic concept. It takes students to a step back, allowing to see beyond individual images and forces them to consider their work as a whole. Keeping these things in mind BVITorganized "ART Gallery" competition to encourage the students to develop their viewpoint, to allow them to make more informed decisions about what they should be working on next.

ALUMNI MEET 2015

Bharati vidyapeeth celebrates ALUMNI MEET programme every year. ALUMNI shares their views and experiences and what they have achieved in the career so far. By the help of such a wonderful programme, they can motivate, encourage students to work hard in their respective fields.

Mr. JIGISH CHINIWALA

They say Educational Institutes form a concrete base and add meaning to your values, mine are indebted to Bharati Vidyapeeth Institute of Technology (BVIT). With complete pride and gratification, I say that I am part of this family where my esteemed teachers and meritorious principal hosted my mould like their own ward and with their broad spectrum of knowledge guided me to the path of success. Originality, creativity, sincerity, dedication, future foresight, impeccability are the pillars which are inculcated in us. I am thankful to everyone in this institute who guided me through and hope for many more years of prosperity to this glory.

Mr. Mukesh Thumar
MD & CEO

Paramatrix Technologies Pvt Ltd

Bharati Vidyapeeth Institute of Technology has played an important role in shaping my career. Bharati Vidyapeeth not only provided me with the platform but also inculcated in me the qualities like sincerity, integrity, thrust to learn, practical orientation and many more. I am glad I can call myself a bit successful and I own my success fairly to Bharati Vidyapeeth. The excellent environment of Bharati Vidyapeeth and its competent and caring teachers along with discipline, motivated the students to have an all-around personal development in academics, cultural, sports etc. I wish to personally thank all the Management Staff, Principal and Teachers for all the values and teachings inculcated in me. I am proud and blessed to be an alumni of Bharati Vidyapeeth Institute of Technology.

From The Editors Desk

Mr. Sandip Kumar

Lecturer in mechanical dept.

Mrs. Sarika Khare

It is our immense pleasure and privilege to publish the first NEWSLETTER of our esteemed institute BharatiVidyapeeth Institute of Technology. This mission cannot be accomplished without the support and guidance of management and Principal Mr. P.N. Tandon sir and the sincere efforts taken by dedicated staff members of BVIT. We have reflected and tried to involve every activities and programs organized by BVIT with the support of MSBTE in the year of 2014-15 for all around development of students as well as staff members. We do hope you all readers found this NEWSLETTER more informative. We welcome all type of suggestions to make it better for upcoming editions.

Thank you all for your support.
