

## **BHARATI VIDYAPEETH INSTITUTE OF TECHNOLOGY,NAVI MUMBAI**

### **TRAINING & PLACEMENT CELL**

#### **DEPARTMENT MISSION**

To assist in development of our students by providing balanced set of technical skills, interpersonal skills and develop a positive attitude to life.

To act as a nodal body for the institute to provide quality technical manpower to suit every organizational need.

#### **DEPARTMENT VISION**

To act as a single window for career counseling and higher studies in Engineering & Technology fields.

To set up adequate infrastructure for conducting and coordinating the campus placement process for industries and the institute.

#### **ABOUT DEPARTMENT**

The Department of Training and Placement was established in April 2004 with an objective to get the placement in prestigious organizations/companies while studying in the Campus itself. Leading organizations/companies visit the campus and select the students when they are studying in the final year. Training is given to the students in taking aptitude tests and technical test, Mock Interview and Mock Group Discussions are conducted to train students to perform well in the campus selections. To run the show in better & organized manner, a committee for training and placement is constituted, comprising representatives from each department and Training & Placement Officer as Coordinator carry the activities of training & placement. Under training activities, faculty members are deputed for uploading programmes to upgrade their theoretical knowledge also they are deputed for trainings to make them aware about the present procedures & practice adopted in different organizations and industries. Students are also encouraged to undergo vocational trainings in the industries which bridges the gap between theoretical knowledge and its practical implementation, also enables their placement in industries. Reputed industries/companies are invited to conduct campus recruitment & selection for final year diploma students

## DEPARTMENT OVERVIEW

The Department of training & placement since its inception in April 2004 has actively coordinated with students and corporate to cater to industry needs by providing high quality placement services to the students of the institution.

The Department presently coordinates with more than 25 leading organizations which recruit fresher diploma engineers for entry level positions in their respective organizations.

In the year of inception the department modestly established contact with about 12 organizations and placed 31 number of students as almost 90% students opt for higher education. With every passing year, the number of recruiting organizations has increased. About 20 renowned organizations visit the campus or invite our students at their facility every year and conduct recruitment & selection process on & off campus.

The independent training & placement unit has been built with a view to provide the complete autonomy and convenience for executives to conduct fair and transparent talent search to recruit good quality diploma engineers for their organizations.

The progress of the recruitment programs can be judged by the increasing total number of offers to our students made every year.

A trend of the placements with Companies coming for campus recruitment, is shown in the chart below. A list of Recruiters for academic year 2011 to 2016 is given here.
